In order to accurately test for Maintenance of Effort (MOE), the Arizona Department of Education indicate whether they wish to identify local special education expenditures out of the total amount that is extracted from an annual financial report. If the user chooses "yes," he/she will be required to upload documentation that reflects the amount of local special education expenditures. Any uploaded documentation will be reviewed by an ESS fiscal specialist. If local expenditures are submitted and approved then MOE testing will be processed using all four methodologies, otherwise only two methodologies will be capitalized.
