F. KEY LEGISLATION AND GUIDANCE

The guidance by which Migrant Education funds are allocated by State Educational Agencies (SEAs) to Local Educational Agencies (LEAs) and other entities is described in the Every Student Succeeds Act, Title I, Part C (available at <https://legcounsel.house.gov/Comps/Elementary%20And%20Secondary%20Education%20Act%20Of%201965.pdf>). ESSA provides significant flexibility for states in determining allocation methodologies to LEAs and other entities. Guidance is available under <https://www2.ed.gov/programs/mep/legislation.html>, under "Policy Guidance". In particular, the section titled "State Administration" speaks to sub-granting

G. SUMMARY OF ALLOCATION METHODOLOGY

Once funding is received from US Department of Education, ADE allocates funds to LEAs and other entities per the following guidance: State-level Reserves SEAs may reserve funds from their Title I, Parts A, C, and D allocations to administer the programs authorized under these parts. (See section 1004 of the statute.) In addition, SEAs may use MEP funds for administrative functions that are unique to the MEP.

Admin Set-Aside: Sections 1004(a) of the statute and 200.100(b)(1) of the regulations provide that SEAs may reserve the greater of 1 percent of the total amount appropriated under Title I, Parts A, C, and D or \$400,000 (\$50,000 in the case of outlying areas) to pay the State for the costs of administering these programs. SEAs may combine the reserved amounts into a general Title I account for administration of these programs or maintain the funds in separate accounts and administer the MEP with the program funds specifically available for administration. **Other State-level Activities:** Section 200.82 of the regulations permits SEAs to use MEP funds at the State level to perform administrative functions that are unique to the MEP, including those functions that are the same or similar to the administrative activities performed by LEAs under the Title I, Part A program. **"Sub-grants:** In administering the MEP, SEAs may choose to operate the MEP directly or through subgrants to local operating agencies. If an SEA chooses to subgrant, it remains responsible for the overall administration and operation of the MEP and has sole authority to determine which local operating agencies will operate the program. In making subgrants, the SEA must comply with certain statutory requirements, which are explained in further detail below. The SEA may subgrant to local operating agencies, which may be local educational agencies, other public agencies, or nonprofit private agencies" **LEA Sub-grants:** If distributing to LEAs, must take into account the following: In determining the amount of a subgrant, the SEA must distribute funds based on the requirements in section 1304(b)(5) of the statute. The SEA must take into account:

1. the numbers of migrant children;
2. the needs of migrant children;
3. the statutory priority to first serve children who are failing, or most at risk of failing to meet the State's challenging State academic content standards and whose education has been interrupted during the regular school year; and
4. the availability of Funds from other federal, state, and local sources.

H. KEY DECISION POINTS AND FLEXIBILITIES

ADE has some discretion of the amounts to set-aside for state-level activities, including:
 Administration reserve (not to exceed the maximum) Reserve for Other State-Level Activities (not to exceed the maximum) Risk Pool funding and management
