ESEA Consolidated Transferability Update

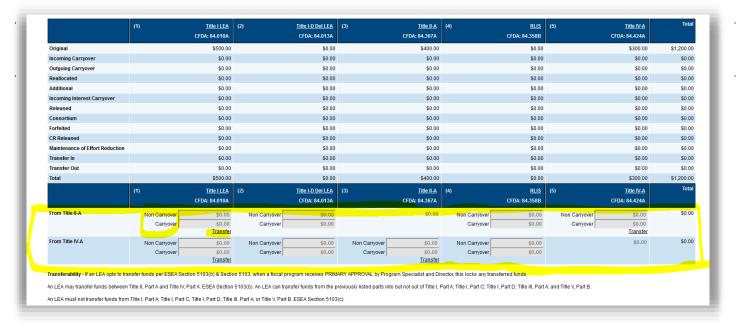

Description:

The ESEA Consolidated funding application within Grants Management Enterprise (GME) allows for transfer of funds between Title I-A, Title II and Title IV-A.

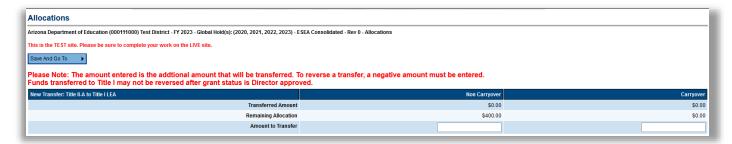

Updates have been made to improve the functionality for transferring funds between grants and include:

- Prevent ineligible transfers from occurring
- · Ability to distinguish Non Carryover transferred funds and Carryover transferred funds
- Transferred funds that are carried over to the subsequent funding year will no longer revert back to their original grant, but instead will remain in the grant to which they were last transferred in the prior year.
- LEAs will not have to re-transfer carry-over funds in the new fiscal year's funding application

New Transfer page

After clicking <u>Transfer</u> users are taken to a page which shows <u>Transferred Amount</u>, <u>Remaining Allocation</u>, and <u>Amount to Transfer</u>. Users will be able to choose to transfer Non Carryover or Carryover funds, as available
