

GLOBAL *vs* PROGRAM HOLD

Global

Impacts all active grants.

Prevents status changes to director approval on grants.

Prevents LEA from submitting any reimbursement request.

Is managed by GME, may be system generated or manually applied.

Program

Impacts one grant, one funding year (project).

Prevents LEA from submitting reimbursement request for project with program hold.

Prevents status change to director approval.

Can be initiated by program area.

Sometimes are system-generated as precursor to global hold.
