## Mandatory Training Resource

### Arizona Local Education Agency (LEA)

The purpose of this resource is to assist Local Education Agencies (LEAs) in ensuring they are up to date and include the mandatory training sessions required by State and Federal regulations. These training programs are essential to ensure that educators and administrators are equipped with the knowledge and skills necessary to effectively support the diverse needs of our students while complying with Federal and State educational standards.

- The mandatory training list is not all-inclusive and does not replace an LEA's requirement to research and ensure all training programs are provided as required.
- The training titles listed here may not be representative of the actual training name but rather the content area for the training.
- Each training provided may not be applicable to all staff at all grade levels.
- The LEA must create a professional development plan which ensures that all applicable staff participate and are trained in all areas required.
- The LEA must maintain evidence of each training provided, who attended, and where appropriate have a plan to sustain and evaluate for effectiveness.
