Title III Consortium – Overview and Guidance Document

Background

Under Section 3114(b) of Every Student Succeeds Act (ESSA), a State educational agency shall not award a sub-grant from an allocation made under subsection (a) if the amount of such sub-grant is less than \$10,000. Therefore, LEAs who would not otherwise qualify for an individual sub-grant because they do not qualify for an award of at least \$10,000 may submit a joint application with one or more LEAs to qualify.

What is a Consortium?

A consortium is a collective group of LEAs who are eligible to receive Title III funds but are below the \$10,000 threshold for an individual application. One LEA or County Superintendent's Office must agree to serve as the Lead LEA/Fiscal Agent of the consortium.

Who may join a Consortium?

Any LEA may choose to join a consortium, regardless of allocation amount, however, LEAs with an allocation below the required \$10,000 threshold **MUST** join a consortium to receive funds. The combined Title III original allocations of all members must meet or exceed \$10,000. Carryover amounts are not included when determining the required threshold.

What are the benefits of joining a Consortium?

LEAs can access Title III funds to provide supplemental support for English learners. Title III-funded support **must** include:

1. Programs that increase English language proficiency and student achievement in core content classes

2. Effective professional development opportunities for classroom teachers, principals, administrators, and other school personnel designed to improve instruction and assessment of ELs
3. Effective strategies and activities for parents and family members of ELs that enhance or supplement language instruction educational programs for English learners

How is a Consortium created?

An individual LEA or a County Agent may form a consortium.

- An LEA interested in forming a consortium can reference the Title III Allocations List located on the OELAS website and contact other LEAs to determine interest. The combined Title III allocations of all participating LEAs must meet or exceed \$10,000.
- The LEA agreeing to serve as the Lead LEA/Fiscal Agent must notify OELAS of its intent to form a consortium and provide a list of participating consortium members.
- The Lead LEA/Fiscal Agent must complete the *Consortia – Lead Agent Funding Forms*. This document can be found in the Related Documents section of the Title III Consortium application or in the LEA Document Library in the Grants Management Enterprise system (GME).
- To acknowledge its consortium participation, each LEA member must complete the *Consortia - Participating LEA Member - Certification and Assurances* form found in the Related Documents section of the Title III Consortium application or in the LEA Document Library in the Grants Management Enterprise system (GME).
- All LEAs must describe their EL/Title III program by completing the *Title III LEA Plan Requirements - Consortium Members* forms found in the Related Documents section of the Title III Consortium application or in the LEA Document Library in the Grants Management Enterprise system (GME).
- An Intergovernmental Agreement (IGA) is recommended for Title III consortium members. The IGA should clearly outline the handling of administrative duties, management of funds, and filing grant reports for all members.

What are the options for Title III Consortium grants?

LEAs participating in a Title III Consortium have options for how the consortium will allocate and expend funds. Each of the available options are listed below and **MUST** be determined at the time of consortium formation and fully outlined in the required Memorandum of Understanding (MOU).

Option #1:

- Each participating LEA member will create a unique plan for spending the full amount of its individual Title III budget (current year allocation and carryover, if applicable).
- The Lead LEA/Fiscal Agent will keep all separate budget plans on file and disseminate the appropriate funds to each member. The grant application will separately identify each LEA member's budget.

Option #2:

- Consortium members collaborate to design one comprehensive plan which combines the allocations of all members AND benefits all members of the consortium.
- This option must be clearly outlined in the Memorandum of Understanding, or alternate agreement, created by the Lead LEA/Fiscal Agent AND agreed upon by all members. The grant application will also identify how funds have been combined for a common purpose which benefits all consortium members.

P.D. Example: *The allocations of all members will be combined and used to pay for the services of a consultant who will provide professional development to all members of the consortium. All members equally share the cost and receive benefit from these services.*

Option #3:

- The consortium will use a combination of Option #1 and Option #2 by collaborating with some LEA members and disseminating funds separately for other LEA members.
- Budget items which are a collaborative request must be clearly detailed as such in the grant application.

What are the duties and responsibilities of the Lead/LEA Fiscal agent?

Duty:

The Lead LEA/Fiscal Agent assumes the responsibility of completing and submitting the Title III application, reimbursement requests, and completion report on behalf of the consortium.

- Title III consortium agreements are one-year commitments aligned with the fiscal year.
- Members may reconsider participation annually.
- It is the responsibility of the Lead/LEA Fiscal agent and the participating members to revisit the terms annually.

How do members leave the Title III Consortium?

- Consortium members must complete all annual obligations once an agreement has been made between the LEA and the Lead/LEA Fiscal agent.
- An LEA that wishes to leave a consortium after the fiscal year is complete must provide written notification to the consortium Lead/LEA Fiscal agent and to the Arizona Department of Education.
- Any unspent Title III funds by the LEA remain with the consortium's Lead/LEA Fiscal agent.

What happens if a Consortium member is not completing its responsibilities?

- The Lead/LEA Fiscal agent must document if an LEA is unresponsive or does not meet the obligations/terms of the Title III Consortium.
- The Lead/LEA Fiscal agent must reach out to the Arizona Department of Education if the issue/unresponsiveness persists.
- The Lead/LEA Fiscal agent must provide written documentation to the Arizona Department of Education if a request is made to have a consortium member removed.
